

PROPHECY IN THE LIGHT OF MUJADDID'S WRITINGS

Humayun Abbas Shamas *

During the reign of Akbar all false movements were agreed and united on this point that Prophethood is not necessary for the salvation of human beings. Akbar took the steps which degraded the position of Prophethood. Shaykh Ahmad Sirhindi (R.A) called Prophethood, the blessing and mercy of Allah Almighty. He also explained important concepts like similar principality of Prophets. He also proved the existence of Prophet in sub-continent with historical arguments. Sirhindi(R.A) also proved the Prophethood of Hazrat Muhammad (SAW) in different ways. He believed that praising Prophet is the way to immortality. There are many profound discussions about life, teaching and dignity of the Holy Prophet(SAW) in his letters.
